13 January 2022

Dear Members of Community in Yuen Long,

Yuen Long District Office
Opinions for the Budget of Community Involvement Programme (2022-23)

The Government will provide funding to District Offices in 2022-23 for implementing community involvement initiatives to promote community building and meet the needs of the respective districts. Such initiatives include district sports activities, arts and cultural programmes, signature district and celebratory events, greening activities and volunteer activities, etc.

In preparing the budget for the Community Involvement Programme 2022-23, the Yuen Long District Office (“YLDO”) has planned to allocate funding in the coming year to subsidise events/activities which have been organised before, such as celebratory events for Hong Kong’s return to China and the National Day, district signature events (e.g. the Sports Festival) and other special activities (e.g. thematic activities for schools, soccer promotion activities, major arts and cultural promotion activities and major sports promotion activities). In parallel, the YLDO would like to seek opinions from the community through different channels, based on which it will consider setting aside funding for applicants to organise other types of community involvement projects for the benefit of the community.

Members of the community are welcome to submit their opinions or suggestions on the types of community involvement projects to be organised in 2022-23 to the YLDO **on or before 8 February 2022** by email (doyl@had.gov.hk) or by fax (fax: 2478 7334). For details about the ambit of the Community Involvement Fund, please refer to the Manual on the Use of Community Involvement Fund issued by the Home Affairs Department.

For enquiries, please contact the undersigned at 2475 3807 or Miss WONG Cheuk-ying, Cherry at 2475 3808.

Yours faithfully,
(signed)
(PANG Ka-fong, Cindy)
for District Officer (Yuen Long)
