Cheung Fat Estate Community Centre

NOTICE

18 November 2026

Latest Venue Hiring Arrangements for the Hall of Cheung Fat Estate Community Centre

To dovetail with the renovation of the toilets and changing rooms at Cheung Fat Estate Community Centre ("CFCC"), the hall of CFCC was originally scheduled to stop accepting hiring applications from 22 February 2027. Following adjustments to the works, it has now been decided that suspension of the venue's use is no longer required, and hiring applications for the venue can resume.

Organisations intending to apply for use of the venue are advised to note that the renovation works for the toilets and changing rooms will commence on 22 February 2027. During the works, the toilets and changing rooms concerned will be temporarily closed, and noise and dust may be generated by the construction works, which may affect venue users. We apologise for any inconvenience caused.

Organisations intending to hire the venue may resubmit application forms from 26 November 2026 onwards to reserve time slots that have not yet been hired. Such applications will be processed on a first come, first served basis.
