

Chapter 7: Health Care in Hong Kong

The Hong Kong Hospital Authority

The Hong Kong Hospital Authority (HA) is responsible for managing all local public hospitals in Hong Kong. Staff of the HA can communicate in Chinese (mainly the Cantonese dialect) and / or English. If interpretation is needed for other languages, the HA will use reasonable endeavours to arrange for patients free interpretation services provided by third parties / consulates.

Information about the HA, including the contact details of public hospitals, can be found on its website at www.ha.org.hk. Information on Accident and Emergency Departments and General Out-patient Clinics is also available in eight other languages, namely Bahasa Indonesian, Hindi, Nepali, Punjabi (Indian), Punjabi (Pakistani), Tagalog, Thai, Urdu on the website.

Accident & Emergency services

The Accident & Emergency (A&E) services are provided at 18 public hospitals under the HA. They deliver a high standard of service for critically ill or injured persons who need urgent medical attention. They also provide medical support for victims of disasters. To ensure that patients with more serious conditions are accorded higher priority in medical treatment, the HA adopts a triage system which classifies patients attending the A&E Departments into five categories according to their clinical conditions: critical, emergency, urgent, semi-urgent or non-urgent. Patients who do not require emergency attendance should seek medical treatment in public or private clinics.

Hospital	Address	Telephone	Service Hours
Alice Ho Miu Ling Nethersole Hospital	11 Chuen On Road Tai Po, NT	2689-2000	24 hours
Caritas Medical Centre	111 Wing Hong Street Sham Shui Po, Kowloon	3408-7911

United Christian Hospital	130 Hip Wo Street Kwun Tong, Kowloon	3949-4000	
Yan Chai Hospital	7-11 Yan Chai Street Tsuen Wan, NT	2417-8383	

General out-patient clinics

The HA provides community-based primary health care services through its general out-patient clinics (GOPCs). To book an appointment at GOPCs for patients with episodic illness, the patient can use the “Book GOPC” function in HA’s one-stop mobile application “HA Go” or GOPC Telephone Appointment Service by dialling the designated booking number of the individual clinics. Both the “Book GOPC” mobile application function and GOPC Telephone Appointment Service are provided to eligible persons who have registered or used services in the HA previously. If the patient’s medical condition(s) require follow-up appointment, this would be offered during medical consultation.

On arrival at a GOPC, the patient needs to register and pay a registration fee. The patient must bring his/her identity document.

The service hours for GOPCs (except those marked with (#), (*), (^), (~)) are:

Monday to Friday: 9:00 am - 1:00 pm

2:00 pm - 5:00 pm

Saturday: 9:00 am - 1:00 pm

The clinics marked with (#) also provide service in the evening (6:00 pm - 10:00 pm) from Monday to Friday.

The clinics marked with (*) also provide service in the evening (6:00 pm - 10:00 pm) from Monday to Friday, on Sunday (9:00 am - 1:00 pm) and public holidays.

The clinics marked with (^) provide sessional service and those marked with (~) provide service in different service hours. Please refer to the website of the HA at www.ha.org.hk for more details.

Under circumstances where special service arrangement is applied (e.g., relocation of clinic service due to renovation), the public will be informed through multiple channels. Please refer to the website of the HA at www.ha.org.hk for more details.

Treatment during long holidays

If you need to see a doctor during long holidays, call the MediLink hotline at **90000-222-322**. This service is available in Cantonese, Mandarin and English.

When you call, they will tell you:

- the names and telephone numbers of private doctors on duty in each district of Hong Kong.
- what general out-patient services are available to you during extended holiday periods.

During non-holiday periods, MediLink will provide information on general medical knowledge.

Registered Hong Kong doctors

The Hong Kong Medical Association maintains an online database hosting a comprehensive set of information for all registered Hong Kong doctors. Please visit the website at www.hkdoctors.org.

Tuberculosis and Chest Service

AIDS related services

Hotline Service

The Special Preventive Programme of the Department of Health operates three telephone hotlines providing useful information on HIV/AIDS and sexually transmitted infections to the public. The hotlines are free and anonymous. No caller identity function is installed in any of these hotlines.

AIDS Hotline	(852) 2780 2211	<ul style="list-style-type: none">• English, Cantonese and Putonghua• Individual counselling by experienced and trained nurse-counsellors is available• Appointments for voluntary counselling and testing could also be easily arranged
AIDS Hotline	(852) 2359 9112	<ul style="list-style-type: none">• Tagalog, Vietnamese and Thai• Provides pre-recorded messages only
Gay Men HIV Testing Hotline	(852) 2117 1069	<ul style="list-style-type: none">• English, Cantonese and Putonghua• Individual counselling by experienced and trained nurse-counsellors is available• Appointments for voluntary counselling and testing could also be easily arranged

Testing Service

HIV testing is critical for AIDS prevention, treatment and care. HIV testing facilitates early detection of people with HIV, and early treatment prolongs survival and improves quality of life. The Special Preventive Programme of the Department of Health provides the two HIV testing services to the public with convenience in undergoing HIV tests. Both are anonymous, confidential and free of charge.

AIDS Counselling and Testing Service (ACTS)	<ul style="list-style-type: none"> • The service is provided by experienced and trained nurse-counsellors • The service includes assessment and counselling, rapid HIV antibody test, and conventional tests of HIV and syphilis • The service is provided by appointment only. Appointment booking service is available via AIDS Hotline (2780 2211) or HIV Testing Service website (https://www.hivtest.gov.hk) • Service hours of ACTS: Monday to Friday: 8:30 am – 5:15 pm Saturday, Sunday and Public Holiday: Closed
HIV self-test kits ordering service	<ul style="list-style-type: none"> • Two types of HIV self-test kits are available for ordering, including oral fluid-based and blood-based (fingerprick) testing kits. • The testing kits can be collected at various pick-up locations in Hong Kong. • For details and to order, please visit the HIV Testing Service website (https://www.hivtest.gov.hk)

Clinics for HIV Medicine and Care

The Special Preventive Programme of the Department of Health operates two clinics for HIV-related services. Referrals and prior appointment are needed. Different charge packages for eligible persons and non-eligible persons will apply.

Kowloon Bay Integrated Treatment Centre is a multi-purpose clinic to provide one-stop HIV-related services to HIV infected clients. The integrated services include dermatology, genitourinary medicine, therapeutic prevention of viral hepatitis, psychiatric consultation as well as primary HIV care.

Phone: **(852) 2116 2888**

Yau Ma Tei Integrated Treatment Centre located at Yau Ma Tei Jockey Club Polyclinic, provide one-stop comprehensive clinic prevention, including HIV & hepatitis prevention, sexual health service.

Phone: **(852) 2195 6588**

The service hours of two integrated Treatment Centres

Monday to Friday: 8:30 am- 1:00 pm

2:00 pm – 5:15 pm

(up to 5:30pm on Monday)

Sat, Sun and public holidays: closed

Family Health Service

The Family Health Service of the Department of Health (DH) provides a comprehensive range of health promotion and disease prevention services for children from birth to 5 years and women at or below 64 years of age through its network of Maternal and Child Health Centres (MCHCs) and Woman Health Centres (WHCs).

Their services are:

- (1) to provide immunization, health and developmental surveillance for children as well as parenting programme for parents and carers;
- (2) to provide antenatal and postnatal care for pregnant women;
- (3) to provide family planning and cervical screening service for women.
- (4) to provide a woman health programme at WHCs and some designated MCHCs.

Each centre has different operation time and service sessions. Please contact individual centre or visit our homepage www.fhs.gov.hk for more details.

Treat Hong Kong as your home

You play a vital role in making Hong Kong a clean and pleasant place to live in! Just follow these measures:

Personal hygiene

- Maintain proper hand hygiene:
 - Wash your hands with liquid soap and water properly when visibly soiled or likely contaminated with body fluids. When hands are not visibly soiled, hand hygiene with 70-80% alcohol-based handrub is an effective alternative.
 - Always wash or clean your hands:
 - Before touching the eyes, nose or mouth; or after touching public installations such as handrails or door knobs;
 - Before eating or handling food;
 - After using the toilets;
 - After blowing nose, sneezing or coughing.
 - Don't share towels.
- Maintain cough manners:
 - Cover mouth and nose with tissue paper while sneezing or coughing.
 - Dispose of soiled tissue paper properly in a lidded rubbish bin.
 - Wash hands thoroughly after sneezing or coughing.
 - Put on a surgical mask while having respiratory symptoms.
- Don't share eating utensils - use serving spoons and chopsticks.
- Consult a doctor promptly if you are sick. Don't attend school or go to work.

- Increase your body immunity by maintaining balanced diet, doing regular exercise and taking adequate rest. Do not smoke and avoid alcohol consumption!

Environmental hygiene

- At public places:
 - Don't litter or spit.
 - Don't let your pet(s) foul the streets.
- At home:
 - Clean frequently touched surfaces at least daily with water and detergent or disinfectants (i.e. mixing 10 ml of household bleach containing 5.25% sodium hypochlorite with 990 ml of water for non-metallic and 70% alcohol for metallic surfaces). Leave for 15 - 30 minutes and then rinse with water if diluted bleach solution is used.
 - Wrap up rubbish properly before discarding it into garbage bins.
 - Change water in vases at least once a week. Avoid using saucers underneath flower pots. Ensure air-conditioner drip trays free of stagnant water to prevent mosquito breeding.
 - Ensure all drains and pipes function properly. Prevent the trap from drying by pouring about half a litre of water into each drain outlet regularly (about once a week) to maintain the water column in the pipe as water lock to prevent the spread of germs.
 - Keep windows open to maintain good indoor ventilation whenever possible.

Any person who commits an offence of littering, spitting, unauthorized display of bills or posters, or fouling of street by dog faeces will be liable to a fixed penalty.

For more general health information, please call the Department of Health's 24-hour Health Education Infoline at **2833-0111**, or visit the Centre for Health Protection website at www.chp.gov.hk, and the Centre for Health Protection Facebook fanpage.

Disease prevention

In addition to Chinese and English, the Department of Health provides health information and useful links about communicable diseases, non-communicable diseases and healthy living, etc. in 6 languages (including Hindi, Nepali, Urdu, Thai, Bahasa Indonesia and Tagalog): www.chp.gov.hk

Important information related to Coronavirus Disease 2019 (COVID-19) and COVID-19 vaccination are available in 9 languages (including Hindi, Nepali, Urdu, Thai, Bahasa Indonesia, Tagalog, Sinhala, Bengali and Vietnamese):
